

# Who says philosophy doesn't make a difference?

Fifty years ago, **Joseph L. Rotman** majored in philosophy at The University of Western Ontario. Today, he is an international business leader and a visionary philanthropist who views his liberal arts education as one of the cornerstones of his success.

Thanks to a \$4-million investment from the Rotman family, Western is honoured to announce the creation of the Joseph L. Rotman Institute of Science and Values. Building on our international reputation in philosophy of science, the Rotman Institute strengthens Western's position as a global centre of excellence for innovative examination of important issues in contemporary science.

Thank you, Mr. Rotman, for making a difference to liberal arts education in Canada. We are very proud to count you among our most distinguished alumni.

**MAKE A  
DIFFERENCE**
