

# The 1878 Societies

The 1878 Societies, named for the year of Western's founding, honour Western's most generous donors. The listing below recognizes individual members of the Societies who have given \$25,000 or more cumulatively, as well as corporations, foundations and associations that have given \$100,000 or more cumulatively.

In addition, the Helen M.B. Allison Legacies

Society, Western's gift planning program, recognizes alumni, friends and members of the community who have made a commitment to Western's future through their wills, life insurance policies and gifts of residual interest.

Many members of The 1878 Societies also make annual contributions to a variety of programs and projects across the University.

We would like to thank all members of The 1878 Societies for their vision and leadership. We also wish to thank those donors who have chosen to remain anonymous. This listing reflects membership in the Societies as of September 30, 2011.
